Modesitt, Jr., author of the bestselling Saga of Recluce fantasy series, opens the door into a marvelous new world. Millennia ago, a magical disaster caused the fall of a great worldwide civilization, the end of a golden age. New civilizations have fought their way up from the ancient destruction and chaos, knowing little of the lost world that preceded them or the details of its fall. Corus today is a world of contending countries, of humans, but also of strange animals and supernatural creatures. It is a place of magical powers, and of a few people who are talented enough to use them. Alusius, a captain of the Twenty-first Company, faces new challenges, both military and magical. A would-be conqueror has somehow revived sorcerous creatures of legend to assist in his crusade to reunite the continent under his rule. Neither the officers above him nor the men under him know it, but Alusius's Talent is their only hope for victory, or even survival.
